Start a career in roofing and help build a sustainable community  
Roofing Apprenticeship Program

## Roofing Careers

Roofing careers are in-demand!

If you are 19 to 29 years old and like physical, outdoor work find out if roofing is for you. There are lots of opportunities to build a good career in roofing. It will be both challenging and rewarding. You will start as a pre-apprentice in the union and will earn about \$17 per hour.

## Environmental Projects

Green jobs are on the rise!

Cool Rexdale connects local young people to exciting environmental projects installing cool and green roofs. These roofs save energy, last long and provide a range of environmental benefits.

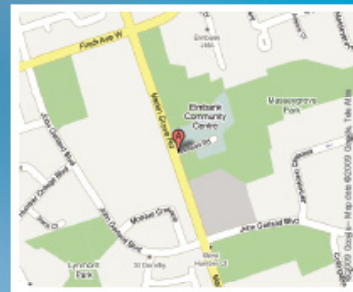

## Find out more at our information session!

- Learn about the Cool Rexdale Apprenticeship Program
- Meet roofers from Semple Gooder – a large roofing company based in Rexdale
- Talk to the Sheet Metal Workers' and Roofers' Local Union 30

Monday, February 8, 2010, 6 p.m.

Elmbank Community Centre  
10 Rampart Road – Near Finch and Martin Grove

Nearby bus routes: 36B, 46, 96A, 96B, 96D, 96E

For more information, contact Toronto Employment and Social Services at 416-392-4634 or [tessen@toronto.ca](mailto:tessen@toronto.ca)

**JOIN ORLANDO AND A GROWING COMMUNITY  
OF BUSINESSES WORKING TOGETHER  
TO GREEN OUR BOTTOM LINES.**

Partners in Project Green is a public-private partnership led by the Toronto and Region Conservation Authority, helping businesses **REDUCE** energy and resource costs, **UNCOVER** new business opportunities, and **ADDRESS** everyday operational challenges in a green and cost-effective manner.

As one of its original members and an active member of the Steering Committee, Orlando Corporation understands the value of the Partners in Project Green **Eco-Efficiency Program** and wants to work with you to achieve the full potential of the program.

**BENEFITS FOR YOUR BUSINESS:**

- \* Reduced operating costs
- \* Improved productivity
- \* Increased competitiveness
- \* Reduced business risk
- \* Reduced environmental footprint

[www.partnersinprojectgreen.com](http://www.partnersinprojectgreen.com)

**THE PROGRAM FEATURES 3 STEPS:**

**NOW IS THE TIME TO GAIN A COMPETITIVE  
ADVANTAGE THROUGH SUSTAINABLE  
BUSINESS PRACTICES!**

At Orlando Corporation, we understand that buildings are one of the leading causes of greenhouse gas emissions and that the real estate community has a social responsibility to combat climate change. In 2008, we launched our Green Initiative. Our commitment is simple: implement green strategies across our entire portfolio of operations. In new construction, we build to stringent LEED standards. We manage our buildings in an energy efficient manner, reducing energy consumption and water usage. We are actively involved in regional green committees, push the envelope on green technologies and support community assistance programs like Habitat for Humanity.

**FREE WALK-THROUGH ECO-EFFICIENCY REVIEW**

Through Partners in Project Green, a pre-qualified professional consultant from the program roster will conduct a free walk-through review of your facility to identify cost saving opportunities for energy, water and waste reduction.

**COST-SHARED DETAILED ECO-EFFICIENCY ASSESSMENT**

If you need to conduct a more detailed assessment of the energy, water or waste reduction opportunities identified in the FREE Walk-Through Eco-Efficiency Review, Partners in Project Green will facilitate a cost-shared audit of your facility and develop a business plan for implementation.

**IMPLEMENTATION ASSISTANCE**

To help you with financing the cost-saving opportunities identified, Partners in Project Green will assist by identifying and coordinating applications to financial assistance programs that can reduce the investment payback period.

**CONTACT YOUR LEASING REPRESENTATIVE FOR MORE INFORMATION  
ON HOW YOU CAN BENEFIT FROM BEING A TENANT IN THE  
PEARSON ECO BUSINESS ZONE.**
